***FUTURE WITHOUT CORROSION***

***FUTURE WITHOUT CORROSION***

*IMATEX Finland specializes in the design, manufacture and installation of GRP (Glass-fibre Reinforced Plastic), thermoplastic and dual laminate products with excellent corrosion resistance and strength properties, good weather resistance and light, maintenance free construction.*

**With 40 years of manufacturing experience in GRP industry we have the knowledge to produce high-quality products.**

- Pipes and Fittings
- Tanks, Vessels, Scrubbers
- Chimneys, Flue Gas Ducts
- Hoods, covers, Shaft guards
- Static mixers
- Coatings
- Installation, Service, Maintenance

**Key markets:**

- Chemical industry
- Waste incineration plants
- Water treatment plants
- Pulp and paper mills
- Steel industry
- Mechanical engineering industry

**IMATEX Finland**

## Machinery

- Filament winding machines:  $\varnothing$  10 - 1100 mm and  $\varnothing$  1200 - 6000 mm
- Butt welding machines

Our production area covers 2200 m<sup>2</sup> of warm space.

Our Quality Management System is based on ISO 9001 and ISO 14001.

As a manufacturer of pressure vessels, we are approved and supervised by Inspecta (CE member number 0424) in accordance with European directive (PED) 97/23.

Our employees are tested by Inspecta for lamination and hot gas/butt welding procedures.
